One of the remarkable photographs taken by the Royal Air Force of heavily protected Heligoland probably, Germany's most important naval base. Photographs of this sort are invaluable in determining the enemy's strength, as well as the position of their fortifications. Even future plans may be deduced from careful study of terrain, construction and man-power, as revealed by the photograph.

NEW RUSSO-"THE LION HAS TEETH AS WELL AS WINGS"

HELSINGFORS, Mar. 21 (Reuter).—A barricade of poles has been erected by the Finns to define the new Russo-Finnish frontier on the Viborg road and Red Army troops halted some 2,100 feet away.

Reuter's special correspondent says that returning from the new eastern frontier the saw the road blocked at times by streams of refugees.

DEMANDS EXTENDED

STOCKHOLM, Mar. 21 (Reuter).—The Moscow correspondent of the newspaper, Tidningen states that the Russians have extended their demands on Finland.

He says that, at the first meeting between the Soviet authorities and the Finnish delegation in Moscow for the ratification of the peace treaty, the Russians made it clear the frontier that they proposed would in certain places, be further west than had been expected.

The Finns realise that they can do nothing but to comply. The correspondent also reports that the M. Molotov, Soviet Foreign Commissar, is expected to visit Berlin during Easter.

Thyssen, Former Hitler Backer, Denounces Nazi Regime: "Mental Invalid"

SPECIAL TO THE HONGKONG DAILY PRESS

One of the most violent denunciations of the Nazi regime was published in Buenos Aires yesterday under the signature of Dr. Fritz Thyssen, once the most powerful German industrial magnate, who was alleged to have contributed a big sum for the success of the Nazi Party in the early 'thirties and whose fortune, amounting to 200,000,000 marks was confiscated last month by a German Home Ministry decree.

"All the German Nazi leaders themselves are convinced that the new war is the crime of an idiot as no country was threatening Germany," declared Dr. Thyssen in an interview with the Argentinian Tageblatt, according to a Havas message from Buenos Aires.

"There is not a word of truth in Hitler's statements regarding British perfidy or Soviet friendship.

"Hitler is a mental invalid who apparently forgets that for years he has compared the Soviet country to the sinful city of Sodom.

LONDON, MAR. 21 (REUTER).—OUR DARING, SUCCESSFUL AND TELLING RAID ON TUESDAY NIGHT shows that the lion has teeth as well as wings and swift retribution came to Germany for her abortive attempts on Scapa Flow which only resulted in negligible military damage and, for the rest, of the bombs in the fields, on the seashore and on top of cottages, with sad consequence of civilian casualties," declared Captain Harold Balfour, Under-Secretary for Air, speaking at Margate this afternoon.

Dealing with the production of aircraft, Capt. Balfour revealed that British planes are now fitted with cannon-guns and fighters, equipped with them, had already contributed to the destruction of some enemy machines.

THOROUGH JOB

NEW YORK, Mar. 21 (Reuter).—Great prominence was given by the newspapers to the Syt raid. The New York Times says that it seems to have been a thorough and business-like job of retaliation for the German attack on Scapa Flow.

"The paper adds that it was a tribute to their fighting prowess that only one from 30 or more raiding planes, according to the British, failed to return.

"MAGNIFICENT EXPLOIT"

PARIS, Mar. 21 (Reuter).—As President of the Senate Air Commissioner, ex-Minister M. Benazet telegraphed Sir Kingsley Wood, British Air Secretary, expressing

"warm congratulations on the R.A.F.'s magnificent exploit" at Syt.

Newspapers gave almost equal prominence to the raid as to the Ministerial crisis.

AUTHORITATIVE ANALYSIS LONDON, Mar. 21 (Reuter).—An authoritative analysis of the experience of the power of aeroplanes against shipping, as revealed in the present war, was issued in London today, and contains the following points:—

"Firstly, the achievements of the German air force against both warships and merchantmen must have been most disappointing to the enemy;

Secondly, all German air attacks on warships at sea have proved abortive;

Thirdly, not a single merchantman in convoy has been sunk by an air attack;

Fourthly, the only form of attack which has yielded the slightest success, to the German air force has been on defenceless merchant shipping sailing independently; and

Fifthly, the equipment of merchantmen with defensive anti-aircraft armament had an immediate effect of reducing the proportion of even partially successful attacks by German aircraft.

TOTAL DAMAGE

The statement lists the total damage inflicted upon British warships by air attack as follows:—

The destroyer, H.M.S. Mohawk was damaged by splinters from a bomb which fell in the water close alongside during a raid on the Firth of Forth on Oct. 18. One cruiser sustained very slight superficial damage caused by a bomb which hit but glanced off without exploding. This was in the same raid.

The former battleship, H.M.S. Iron Duke, which was converted into an accommodation ship in 1936, was damaged by a bomb which fell close alongside in the raid on Scapa Flow on Oct. 19.

One warship (not a capital ship) was slightly damaged by a bomb during the raid on Scapa Flow on March 16.

The statement declares that Germany has put forward fantastic claims every one of which were subsequently proved to be entirely without foundation.

There will be a meeting of the Legislative Council on Thursday, Mar. 28, at 2.30 p.m.

PROBABLE LIST OF NEW FRENCH CABINET ANNOUNCED: DALADIER TO RETAIN NATIONAL DEFENCE

Purchase Of Rumanian Oil Company By Germany BUT STILL SHORT OF AMOUNT

The recent purchase by Germany of a Rumanian Oil Company was revealed during question time in the House of Commons yesterday, says Reuter.

The Minister for Economic Warfare, Mr. E. H. Cross, said that the purchase of Forsky Roumanesca Limited, was carefully considered by the British Government and it was decided that the potential values of the property did not justify the purchase price which was asked for.

In addition to the small production of which that company is capable it would not increase materially the amount of Rumanian oil under German control and would still leave Germany substantially short of the amount which she is entitled to purchase under the German-Rumanian agreement.

SOVIET PURCHASES FROM U.S.

Soviet Russia is buying large quantities of war material from the United States. This was disclosed by the Minister for Economic Warfare.

He understood that Soviet purchases of oil in the United States during the year ending March 31, 1939, although much above the 1938 figures, were not in excess of the quantities imported in some of the previous years.

Mr. Cross added: "There is, however, evidence of large Soviet purchases in the United States of other war material, especially of copper, and this question is receiving the constant attention of His Majesty's Government."

Explosion In Colliery

LONDON, Mar. 21 (Reuter).—Eight were killed and four were seriously injured in an explosion and fire at the Mossfield Colliery, near Stoke-on-Trent, where 1,000 are employed.

CAXTON HALL SHOOTING

LONDON, Mar. 21 (Reuter).—Udham Singh, accused of the murder of Sir Michael O'Dwyer at the India Association meeting in Caxton Hall on Mar. 14, was further remanded at Bow Street after eye-witnesses had described the shooting.

The prosecution alleged that the bullets which killed Sir Michael were fired within a distance of nine inches.

SCOPE OF ANGLO-FRENCH COLONIAL AGREEMENT

LONDON, Mar. 21 (Reuter).—In reply to a question in the House of Commons, Mr. Malcolm MacDonald, Secretary for the Colonies, explained the scope of the Anglo-French Colonial agreement.

He said that already, since the outbreak of the war, various problems, entailing close co-operation between the respective colonial authorities, have arisen, a joint study of which, is most important.

For example, in the past six months both Colonial Offices have been working on the programmes of production, and the marketing of essential foodstuffs and raw materials from their own territories.

"Chamberlain Is Right" Says Shanghai Press: Long-Range Thinking

SHANGHAI, Mar. 21 (Reuter).—It was with sound good sense that the Premier, Mr. Chamberlain, declared, in his speech in the House of Commons, "we cannot be hustled into adventures which appear to us to present little chance of success but much danger and, perhaps, disaster," declares the American-owned Evening Post in an editorial entitled "Mr. Chamberlain is right."

DEFENSIVE ALLIANCE

LONDON, Mar. 21 (Reuter).—According to the Finnish wireless, the Soviet objection to the conclusion of a Scandinavian defence pact, as reported by the official Tass Agency, was rejected by Finland.

The wireless states: "The objection is based on a misinterpretation of the Peace Treaty which said that, both countries should abstain from aggression against each other."

"An alliance of Northern States would be purely defensive in character and directed against nobody. The Russian interpretation cannot, therefore, be accepted."

Two Danish Ships Sunk: 30 Lost

LONDON, Mar. 21 (Reuter).—Thirty are feared lost from the two Danish steamers sunk off the north-east coast of Scotland yesterday. A north-east coast lifeboat landed a number of survivors.

The vessels were the Bothal and the Viking.

The Bothal carried a crew of 20 of which five were saved. The Viking's crew numbered 17 and two were rescued. The survivors were picked up from two rafts spotted by an R.A.F. plane.

The ships sunk within ten minutes of each other. They were bound for Britain but had no cargo.

LONDON, Mar. 21 (Reuter).—Over 300,000 women are expected to qualify immediately for old-age pensions when the Old Age and Widows Pensions Act, which was given Royal Assent today, and comes into operation on Aug. 1.

Three Portfolios For Socialist Party

REUTER REPORTS FROM PARIS THAT IT IS UNDERSTOOD THAT M. PAUL REYNAUD, FORMER FINANCE MINISTER, HAS ALMOST COMPLETED THE FORMATION OF A NEW CABINET.

THE SOCIALIST PARTY ANNOUNCED THAT IT HAD ACCEPTED THREE MINISTERIAL PORTFOLIOS AND THREE UNDER-SECRETARIES IN THE REYNAUD CABINET.

It is understood, Reuter adds, that there will be a War Cabinet of five who will meet daily.

Thus M. Reynaud has combined the desire for a small War Cabinet with the aim of framing a Cabinet of national union embracing a wide range of Parties.

Although the Socialists have agreed to participate, M. Leon Blum has preferred not to take office.

There will shortly be a joint meeting of experts to co-ordinate these two programmes.

Havas reports that the probable composition of the new Cabinet is as follows:—

- Premier: M. Paul Reynaud.
- National Defence: M. Daladier.
- State Minister without portfolio and Vice-President of the Council: M. Camille Chautemps.
- Navy: M. Camille Chautemps.
- Air: M. Laurent Eynac.
- Armaments: M. Raoul Dautry.
- Justice: M. Albert Serol.
- Finance: M. Charles Lamoureux.
- Public Education: M. Yvon Delbos.
- Blockade: M. Georges Bonnet.
- Postmaster-General: M. Andre Ferrier.
- Commerce: M. Louis Rollin.
- Transport: M. Henry Queuille.
- Public Works: M. Anatole de Monzie.
- Information: M. Ludovic Oscar Frossard.
- Merchant Marine: M. Henri Rdo.
- Labour: M. Charles Pomaret.
- Pensions: M. Albert Riviere.
- Home: M. Henry Roy.

The all-important Foreign Affairs portfolio has not yet been allotted.

The Cabinet would thus consist of largest coalition from the Right Centre to the Socialists who are represented by M. Serol, M. Bonnet and M. Ferrier.

SALE OF CUNARD LINERS

LONDON, Mar. 21 (Reuter).—Mr. Oswald Lewis asked in the House of Commons whether the Government consider selling the Cunard liners Queen Mary and the Queen Elizabeth to America as these vessels appear unsuitable for wartime use and might provide foreign exchange for war purposes.

Sir John Gilmour, Minister of Shipping, replied: "I do not consider this would be advisable."

LUCKY LADY and VALOROUS

Ten Events On Each Day In H.K. Jockey Club's Two-Day Easter Race Meeting

(BY "LAST QUARTER")

The Second Extra Race Meeting of the Hongkong Jockey Club, which comprises a two-day affair and is more familiarly known as the Easter Meeting, commences tomorrow and will be continued on Monday.

There are ten events down for decision each day, and the first saddling bell will be rung at 12 noon.

The first race is scheduled for 12.30 p.m. and there will be a tiffin interval after the second race, with resumption at 2.30 p.m.

EASTER STAKES ON MONDAY

The main event of the meeting will be the Easter Stakes which is to be run at 1 p.m. on Monday. It is a handicap for China ponies over one mile and has attracted nine entries including the best amongst the "A" Class steeds. Burford is in at the top weight of 168 lbs. with Satinlight next at 166 lbs. These two ponies alone should provide a keen tussle; with the former under Mr. Pih and the Cire candidate with Mr. Hearn in the saddle.

In addition, there will be such well-known racers as Confusion Bay, 158 lbs. (Mr. Black), Mount Hope Bay, 155 lbs. (Mr. Proulx), Craigavad 150 lbs. (Eve of Harvest 144 lbs.), Spiclight 161 lbs. and Grether 147 lbs.

The field will be one of the best to have faced the starter this year, and while at the moment of writing I believe Burford capable of winning, this bay stallion will certainly be given stern opposition. In view of the distance being only one mile and the difference in handicap weights, it would be interesting to watch the performances of the other probable starters, amongst whom Mount Hope Bay should be prominent. This pony is inclined to pull and if given his head might well set up such a terrific pace that the mile course record will probably be broken.

Spiclight is another flyer, but I do not think it good enough to win. My final selections for this race will be published on Monday but I doubt if it will be any different from my present choice of

MIR'S BAY STAKES

The opening event tomorrow is a mile race confined to griffins of this season that have not won \$1,000 or more in stakes. O-Lan appears to be the outstanding entrant here and with Mr. Needs in the saddle should be the first favourite of the day to score.

The others that are sure to run well and be tight up at the finish are Hopeful Star, Distinctive Time and Johnner. The latter has been a disappointment as far as actual racing versus training performances are concerned and may yet fall again tomorrow as the other two mentioned are capable of improvement on previous displays.

White Diamond is quite fast off the mark, but I doubt this chestnut's ability to stay with the others. Blue Gate, Blue Field and Oonagh will be starting for the first time and I recommend Blue Gate as the best of this trio with quite a good outside chance.

ALBURY HANDICAP
It appears at the time of going to press that all the good ones in the Australian "A" class will be starting here and a close finish is expected between Far View and Baffin Bay, the two top weights. There should be little in it at the finish and the minor position may be occupied by Lucky Lad or Sapper.

If the weather does not improve and the going is sloppy, Courtney Eve should do quite well. Another good mud lanker is Triumphant Day but I would hesitate backing this black unless looking for "big money."

HONGKONG BAY HANDICAP (FIRST SECTION)

After the easy way in which Dupont Bay won in her last outing, I am inclined to nominate this black as a good thing in this six furlong sprint for "B" Class China ponies. Possible. Bear Claw and Humdrum are the ones that will need watching for the remaining places. Avon ran splendidly at the last meeting and with luck may snatch a place.

Clember should not be despised, particularly so as this Marber candidate won in fairly fast time on a sticky course on the fourth day of the Annual Meeting. Hyndford Bridge seems to be improving, judging from recent training gallops.

SUB-GRIFFINS SPRING HANDICAP

This 1-1/4 mile race will bring out the smallest field of the day and Strathbannock and Celtic Star should be the ones in demand. I believe Marksman will once again be an absentee. Guinness Time is fairly dangerous and, though the distance is not exactly to his liking, may place.

Clover is the best of the others and if the going is on the heavy side might spring a surprise. I do not think punters need worry at all about Bressay, Salvage Master and Wilber even at their bottom weights.

ROSEHILL STAKES

In this mile race for Australians of this season, Lucky Lady will be difficult to beat, but if this chestnut goes under, I think it will be either Fair Chance or Rowan that will do the trick. Fair Chance has improved considerably in behaviour and once this pony decides to make a try he will be very dangerous.

Rowan will be making her debut and may, therefore, not give of her best in this initial outing, but she is fast and quite a nice mover. Many Thanks, Franklin and Maple Star are others with fair chances. This event is the first leg of the Daily Double.

TAIWAN BAY HANDICAP (FIRST SECTION)

Piet Hein should finish close up in this mile race as the animal is in fairly fine racing condition and the opposition is not too strong, with the possible exception of this Time, whose win at the Annual Meeting was quite impressive.

Phoenix is the next best and should secure a place. Some Hope and Willynilly are both attractive bets, while Night View has a good outside chance.

GIN DRINKERS BAY HANDICAP

This is a half mile sprint for Novice Jockeys and the positions at the gate should be carefully

noted. Valorous has an excellent chance as he is an easy going pony and only has 155 lbs. to carry. D'Ogenes and Heddon are also dangerous, though the latter may not run well for a Novice.

Dow-Jones will have to carry 7 lbs. penalty for his falling win, but this should not unduly affect him in view of the low weight assigned. Lancashire Chap and Radium Star are quite speedy, but it remains to be seen if they can sustain the speed in view of the limit load. This is the second leg of the Daily Double.

SYDNEY HANDICAP

This race should be quite a close affair, as several of the ponies entered are quite fast over six furlongs. Amber II is one of the good ones and a strong finisher and, therefore, capable of winning. Sea Urchin and Brown Derby should secure the remaining places.

If Pumelo accepts here, this bay may be worth having a ticket on. Colorado Star galloped quite well on Wednesday morning and is a good outsider to follow. Macquarie River is about the best of the remaining entrants.

HONGKONG HANDICAP (SECOND SECTION)

Despite having to shoulder 163 lbs., Jennifer has been showing such excellent form in training that I think this chestnut will be very near winning again.

Lancashire Lass will be the chief source of danger, with Musketeer and Oak Bay next in demand. Jober and Blue Diamond should also come in for a fair amount of support, while Peaceful View should be a good outsider.

TAIWAN BAY HANDICAP (SECOND SECTION)

Portrush has been quite consistent recently and, while the mile is not his best distance, this chestnut should manage to get placed. I think the finish will actually be fought out between Golden Cow and Wilber, with my preference for the former.

Recreio - Chinese Clash At Softball On Sunday Should Be Keen Game

Although the interest of local softball fans will be centred on the forthcoming International Series, several re-arranged league matches will be decided on Sunday, when the day's programme should be enlivened by the meeting of Recreio Bees and the Canadian Chinese, which is scheduled for noon, on the Recreio ground.

ALL OUT GAME
The Bees are only half a game behind the third place Canucks and both squads will go all out to improve or consolidate their lofty standings, so fans are assured of something entirely different from the lackadaisical displays that have featured the fare of recent weeks.

The Canucks will be relying on their star hurler, Herbie Quon, to hold the Portuguese boys and if he should be right, The Maple Leafs should gain a couple of points.

FIRST DOUBLE-HEADER
At the C. B. A. ground, the first of a double header will see the Filipino Club opposed to the Chung Hwa gang, at 12.30 p.m.

Although the Filipino boys have showed vast improvement over the latter half of the season, it is doubtful if they are yet strong enough to trouble the much more experienced Chinese aggregation who, having had a disappointing season, have slipped several notches into fifth place.

THE NIGHT CAP
With the Ball Clubbers clashing with Liga Portuguesa, in the night-cap at 1.45 p.m., another oned-sided fracas is confidently expected. The Liga boys showed up badly against the Filipino boys last week and it is long odds against them giving this season's runners-up any kind of a fight.

THE PROGRAMME
Recreio Ground
12 noon: Recreio "B" v. Canadian Chinese—Umpires—F. J. Molken, W. Lawrence and J. Higgins.

C. B. A. Ground
12.30 p.m.: Chung Hwa v. Filipino Club—Umpires—Thomas, Cogdill and Todd.

1.45 p.m.: Ball Club v. Liga Portuguesa—Umpires—Nip Lum, H. Campos and D. Bautista.

INTERNATIONAL SERIES
League players who aspire to positions on the Portugal and

China teams, for the Internationals, will be given an outing at 10 a.m. tomorrow morning when a practice session will be held at the Recreio ground.

All players who turn out will be given an opportunity to show their wares during some stage of the game, and it is likely that the final composition of both squads will be based on the players' showings in this match.

PRACTICE TODAY

Representatives of Great Britain are reminded that a practice, for the purpose of selecting both Men's and Ladies' teams, will be held at 1 p.m., this afternoon, on C. B. A. ground and that a meeting will be called, after the session, in order to make final selections.

INTERNATIONAL SERIES

Meeting Of League Committee

The Softball League Committee, under the chairmanship of Mr. L. Tidonso, met at the Brook Club yesterday, when the draw for the International series and various other business in connexion with the winding-up of the season was discussed.

It was decided at the meeting that the series be held at the Kowloon Football Club. There will be an admission charge of 20 cents, the funds to be donated to the Women's Air Raid Precautions Union. The Gregg Publishing Co., who are publishing the programme for the series, will also donate 25 per cent. of the profit for the same cause.

The Presentation Night Dance was fixed for April 26 and it was also decided that, at the conclusion of the local leagues, teams would be sent to Macao, on May 5, for a series of exhibition games.

THE DRAW

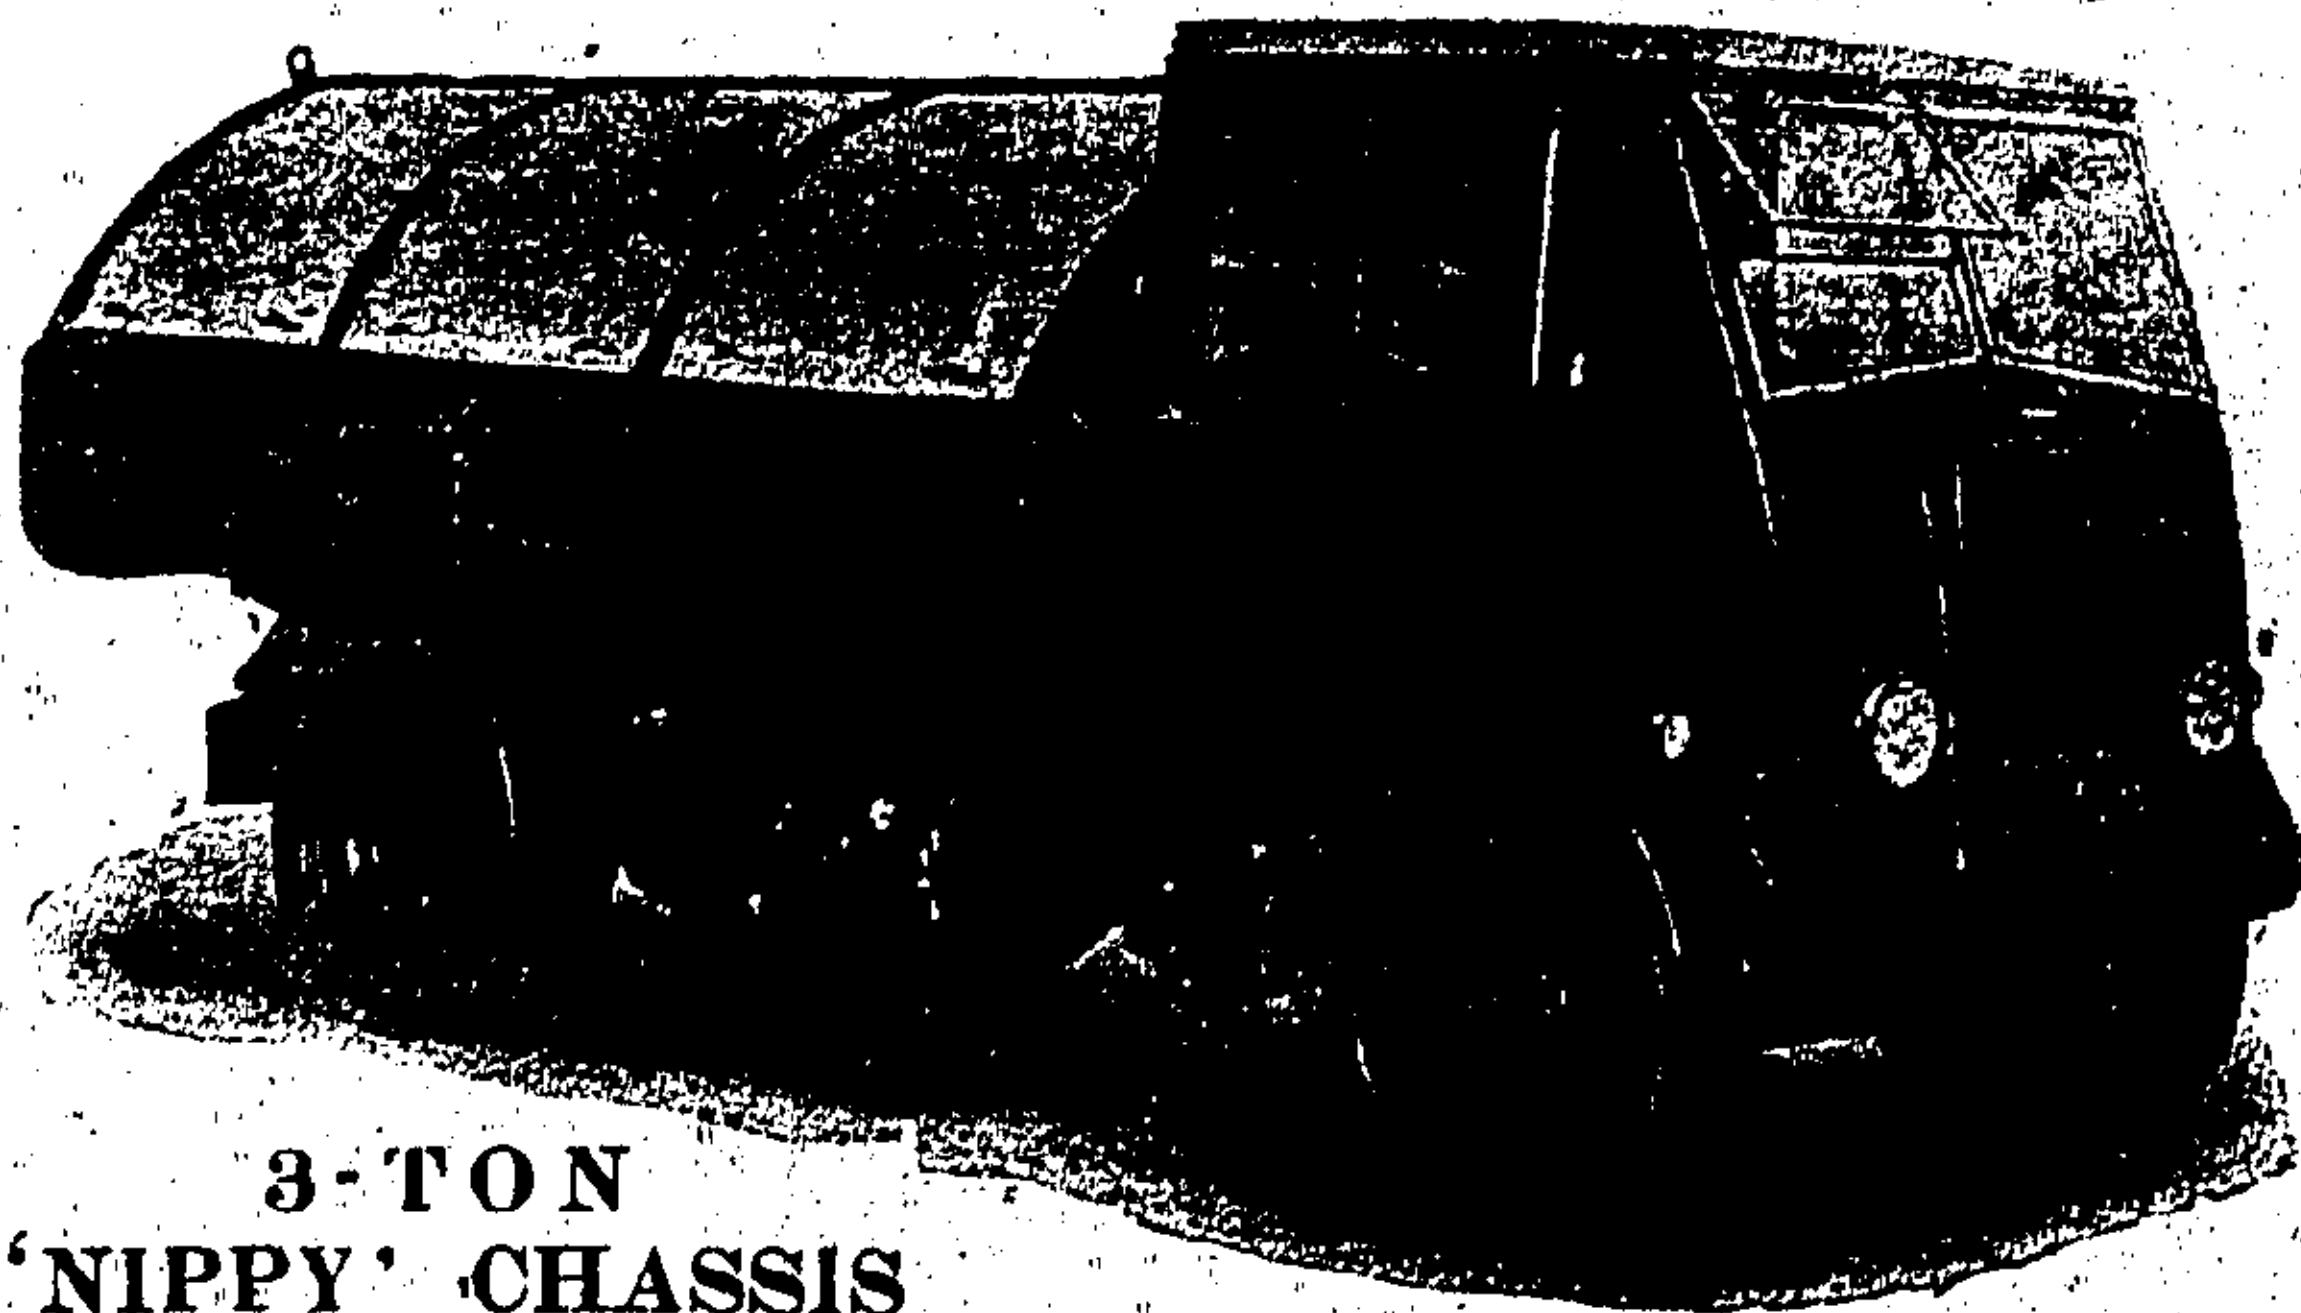

The draw for the International series resulted as follows:

MEN GAMES:—Portugal (bye); Great Britain (bye); U.S.A. v. India (March 31); China v. Philippines (March 31). On April 7, Portugal will meet winner of U.S.A.-India game and Britain the winner of China-Philippines encounter.

LADIES' GAMES:—Portugal (bye); Great Britain v. China (Apr. 14) and Portugal will meet winner in the final on April 14.

Substitutes
For Imported
Oil

LONDON, Mar. 21 (Reuter).
—In the House of Commons
yesterday, the Secretary for
Mines, Mr. Geoffrey Lloyd,
said that the effective use of
home-produced substitutes for
imported oil was of such im-
portance that he had asked a
number of leading representa-
tives of industry, finance
and science, under the Pre-
sidency of Sir William Brazz,
President of the Royal Society
to make a rapid survey.

ACTION TAKEN

The body had completed the
survey within a month and six
specific questions were now being
investigated simultaneously.

Action taken on the interim
report had resulted in obtaining
32,000,000 gallons of substitute for
imported fuels.

The report on crude benzole in-
dicated that this was being re-
covered at the rate of 1,000,000
gallons yearly and the extension
of the voluntary effort should
secure a further 12,000,000 gallons
yearly.

SUPPRESSION
OF OPIUM IN
HONAN

CHUNGKING, Mar. 21 (Central).
—The Honan Provincial Govern-
ment has decided to set March
31 as the time limit for the com-
plete eradication of opium in the
province thus bringing the six-
year Opium-Suppression Pro-
gramme enforced since 1935 to
an earlier conclusion.

The Ministry of Finance, it is
learned, has ordered the abolition
of the Honan Opium-Suppression
Directorate and its affiliated or-
gans by the end of this month.

The Ministry has issued a simi-
lar order to the S'hai Opium-
Suppression Directorate. The time
limit for the complete suppres-
sion of opium in private posses-
sion in that province expired yes-
terday.

RICE SHORTAGE
IN TOISHAN

TOISHAN, Mar. 20 (In'V)—The
foodstuffs problem is becoming
more acute owing to the shortage
of rice, which price has soared to
a catty and a half for one dollar
national currency. Many people
have to eat congee, sweet potato
or taro.

Some poor people are eating
even grass and shrubs, while
many fruit trees and vegetable
plantations are exhausted of their
production.

The famine is due to the diffi-
culty in importing rice via Chung-
shan county and the lack of rice
fields in the Sze Yap counties.
Sze Yap residents in the outposts
are requested to send relief.

ter of a million.

D.E.I. RUBBER
FOR GERMANY

LONDON, Mar. 21 (Reuter).—In
the House of Commons yesterday,
Mr. R. H. Cross, Minister for
Economic Warfare, replying to a
question by Mr. John Parker
(Lab) gave an assurance of the
fact that there had been a con-
siderable increase in the export
of rubber from the Dutch East
Indies to Vladivostok since the
war began and that the likelihood
that part of the consignments
were re-exported to Germany had
not been overlooked.

After ruling firm on outside buying, the market closed steady.

NEW YORK COTTON: Wall Street and the Trade were reported to be buying intermittently which found offerings limited. The progress of the Farm legislation and the gradual increase of open interest in May option are expected to result in further strengthening of old crops.

NEW YORK RUBBER: The strength of the market was aided by increasing factory interests in both actuals and futures, but the downturn of Sterling halted the advance.

CHICAGO WHEAT: Prices rose spectacularly on heavy short-covering and a renewal of buying on reports of further unfavourable crop advices and more war-like European political news. With the winter crop off to a worse condition, with Argentine conditions poor, and with a heavy movement of Canadian grains into export, the so-called topheavy position of wheat has apparently been in for mitigation. War news could easily bring further advances.

NEW YORK STOCKS: Previous close, 148.43. Today's close, 146.91. Change, up 48.

HONGKONG, MARCH 22, 1940

THE FALL OF M. DALADIER

THE FALL of the Government of M. Daladier may be said to mark the end of a stage of French, and European, history which was ushered in February 1934 at a time when, appropriately enough, M. Daladier himself was Premier for the first time.

AT THAT TIME, the tide of Nazism, which had just overwhelmed Germany, threatened to spread to France. The scandal of the Stavisky affair, revealing the corruption of certain members of the Government, gave the newly-born Fascist "movement" the chance it wanted, and, in the February riots, parliamentary democracy in France barely missed extinction. The riots were quelled with bullets and the extreme reactionaries, amazed that the power of the army and police could be used against themselves, promptly christened M. Daladier "the butcher." But the surging tide of fascism had been turned and it was prevented from rising again by the consolidation of all democratic forces, stretching left from M. Daladier's own party, in the Front Populaire.

M. DALADIER did not remain in office long thereafter but his firmness in the face of the French counterparts of the Nazis gave parliamentary government a new lease on life and introduced, after the brief interlude of Laval and Doumergue, a series of ministries under which the country made considerable progress.

HAVING FIRST moved considerably to the left, M. Daladier, forming his third government in April 1938, followed the classic course of many French politicians and, once in power, turned decisively on the forces that had brought him in. In October 1938 he was a signatory of the iniquitous Pact of Munich which sacrificed Czechoslovakia. In December, he crushed an incipient general strike, the result of the growing discontent with his withdrawal of many concessions won by French labour in the previous two years. Supported by a coalition ranging from Centre to Right M. Daladier remained in office through the outbreak of the war.

SINCE LAST SEPTEMBER, France has witnessed wartime restrictions and censorship more rigorous than anything England has known. These measures have enabled the Right to once more reassert its authority in all spheres of national life, and it is more than likely that the reason M. Daladier is going now is that the forces of the Right now have no further need to govern through the Radical Socialist party, who, although he served their purposes later, was once bold enough to twist their tails. Differences of opinion concerning the strategic conduct of the war may have played their part but it is unlikely that they are fundamental or could in themselves have brought about the downfall of the Cabinet.

THE NEXT French Government will, in all probability be headed by a Minister or more orthodox antecedents. Its composition must, however, continue to be a coalition of the majority or all of the political groups that support the war.

Malaria In Turkey: Special Attention Paid To Hygiene

Turkey, which used to be called "the Sick Man," has, under the direction of Kemal Ataturk, become a modern and prosperous State. The number of illiterates there has diminished in a remarkable manner, thanks to the use of Latin characters, introduced on Ataturk's personal initiative. Women no longer wear the veil or trousers; universal suffrage has been instituted, and the Capital Ankara is a model of well-chosen modern architecture.

QUESTIONS OF HYGIENE

In the new Turkey, special care has been devoted to questions of hygiene. Under the direction of the Minister of Public Health, which has remained unchanged, this statesman has obtained results that formerly would not have been deemed possible. This fact stands out most clearly, in connection with the fight against malaria. In 1930, there were still vast regions where most of the inhabitants suffered from this malady.

On the initiative of the Minister, radical steps are now taken for improving this situation. Quinine has been distributed on a large scale, and great efforts are being made to exterminate malaria mosquitoes. The results already obtained enable one to state that Ankara, for example, is practically free from malaria.

EXCELLENT CURATIVE

The fact that quinine is an excellent curative and preventive remedy for this malady is brought

out by the last report of the Malaria Commission of the League of Nations. To prevent malaria, this Commission recommends the taking of 6 grains of quinine per day throughout the fever season.

Should an attack have already made its appearance, the malady is dealt with by employing the short quinine treatment: 15 to 20 grains of quinine every day for 5 to 7 days. In this case, it is not necessary to apply additional treatment, but should there be a relapse, the treatment is repeated as before, with the same dose.

On page 124 of its report, issued in 1938, this Malaria Commission stresses the fact that the harmlessness of quinine makes it a suitable drug for administration by subordinate personnel without constant medical supervision, whereas such supervision is essential in the case of synthetic products.

New Cabinet Formation Not Sign Of Weakening Of French Resolve

PARIS, Mar. 21 (Reuter).—M. Paul Reynaud, Minister of Finance in the Daladier Cabinet, has been entrusted with the formation of a new Cabinet.

This was announced yesterday after M. Daladier had told the meeting of radical and socialist senators and deputies that he had declined the task.

The meeting, which lasted an hour and a half, passed a vote of confidence in M. Daladier.

It is understood he demanded that a full report of the secret session of the Chamber should be published.

As M. Reynaud left the Elysee he said, "I hope to give the President, a definite reply tomorrow morning."

As M. Reynaud left the Elysee he said, "I hope to give the President a definite reply tomorrow morning."

The National Union will mean big changes in the existing Cabinet and it is difficult to see how it can be reconciled with the demand for a smaller and more energetic Cabinet.

RADICAL BASIS
There is still a belief in political circles that M. Daladier may yet form a cabinet on a radical basis.

The Government crisis is not an indication of any weakening of the nation's will for victory. It is rather a sign of a general demand for a more energetic conduct of war.

LATE HOURS
PARIS, Mar. 21 (Reuter).—After working late into the night, M. Reynaud was up early today to continue his consultations.

Late last night, it was believed in the lobbies that the new Cabinet might be formed by noon today and would meet in the Chamber at the latest by Friday.

COLONY HEALTH

Twenty-four cases of tuberculosis, four cases each of diphtheria and cerebro-spinal fever, two cases of measles, one case each of small-pox, enteric fever, chicken-pox and dysentery were notified to the Health Department on Mar. 20.

His Excellency Sir Geoffrey Northcote will be present at a lecture on "The History of Chemical Warfare" by Wing-Commander A. H. S. Steele-Perkins, O. B. E., R. A. F. (Retd.), to be given at the Institute of Engineers and Shipbuilders on Friday, Mar. 29, at 8 p.m.

PARIS, Mar. 21 (Reuter).—Today's French war communiques states that there was nothing to report.

JAPANESE FAIL IN THEIR KWANGSI OBJECTIVE UNDER STRONG CHINESE PRESSURE

KWEILIN, Mar. 21 (Central).—The Japanese at Wushun, 50 miles east of Nanning, down the Wat River in South Kwangsi, failed to cross the Wat River. Under Chinese pressure they fled southward. Wushun has now been cleared of enemy troops.

Fighting continues around Ling-shan, 60 miles north-east of Yanchow. The main scene of hostilities is in the hilly regions north-east of the town, while clashes are also taking place at Sunhu and Nansheng, respectively south and north of the town.

IN NORTH HONAN
CHENGCHOW, Mar. 21 (Central).—Chinese successes in North and East Honan are reported. On March 17, a Japanese unit was checked near Poshan station, on the Taokow-Chinghsia Railway, east of Po Ai. In North Honan, the enemy retreated towards Po Ai.

A Japanese detachment pushing toward the Chinese positions near Tungkang in East Honan, suffered serious losses as a result of a Chinese surprise attack last week.

SHANSI FIGHTING
HINGTSEI, SHENSU, Mar. 21 (Central).—Spirited fighting has been in progress in South and South-West Shansi during the past week, according to military despatches.

Chinese forces launched a vigorous annihilating attack on the Chungshao Mountain Range. Bitter combats have been taking place around Changtchen, south of Hsianghsien, Kianghsien, Fengcheng, and Shiangling. At Fengcheng, 200 Japanese were killed, while a quantity of Japanese arms and ammunition were captured by the Chinese.

In South-West Shansi, fighting is centred around Hotsin, Chishan, and Wanchuan.

SOUTH ANHWEI
TUNKI, ANHWEI, Mar. 21 (Central).—A severe gun duel between Chinese and Japanese forces took place south-west of Tunglu, on the south bank of the Yangtze River, in South Anhwei, yesterday morning.

Japanese batteries at Shiangshan and Hwangshan also opened up in the afternoon and were answered by Chinese artillery.

World Press Comments In Support Of Allied Cause

LONDON, Mar. 21 (Reuter).—The Pittsburgh Post and Gazetteer of Mar. 18 says: "Are England and France, and for that matter the whole world, to accept Herr Hitler's word and the promises he would give to win peace now, when, in the past, his word has meant nothing but more murder and rape as soon as he was ready for them?"

"No, we don't believe England and France will discuss peace until Herr Hitler and his regime are out and Europe is safe from a murderous dictator, who has brought the world back to the dark ages."

There are many similar comments in the American press. The Columbus Dispatch of Mar. 18 reports a message from a former Ambassador, Mr. Hugh Gibson, as saying: "The British will see this thing through. They look on it as a painful operation, but worthwhile in results. Their unity with France is splendid."

EMPIRE BUILDERS
The Boston Herald of Mar. 18 says: "The bitterest Anglophobes must admit that the British Empire builders have given more attention to their responsibilities than to their privileges for many generations."

IMMENSE RESOURCES
The New York Times, in an editorial on Major C. R. Attlee's criticism in the House of Commons that the initiative must not be left with Herr Hitler, points out that Germany and Russia, "having no reputation to lose abroad, never need worry about world opinion. It is this combination of present moral bankruptcy with earlier military preparedness that has given them the initiative they have enjoyed."

Pending Britain's decision to strike, the war is being fought on the Allied side with unremitting pressure. The immense material resources of the British Empire have been mobilised successfully and the moral issue has been clarified.

An opportunity has been provided and is already being used to test the comparative staying powers of the Dictatorships, where discipline is taught at the end of a whip, and of the Democracies, which can command

loyalty and patriotism of free peoples."

The Gothenburg's London correspondent says: "The Allies, after six months of preparation, can attack Herr Hitler after six years of preparation. He does not take a chance even on the prestige in the affair of the Altmärk, but a people on a war footing for six years feels the strain materially, physically and morally."

"Stories of Germany's terrible position stream in, the worst from the South-East. Of big political interest, they come through Italy, but Britain does not repeat them, except privately, although an encouraging sign weakens the war will."

BRITISH DISCIPLINE
The Copenhagen paper Social Demokraten's London Correspondent says: "The debate in the House of Commons today was important, because it showed that the British people and their chosen representatives, even in a serious war situation, still allow open debate and can show satisfactory discipline."

The Rio paper, Journal Comercio, in a strongly eulogistic article on Britain as a world leader, anticipates a long war and emphasises the British preparedness for it. The Allies are defending principles vital to human evolution and believe victory to side with the best nerves, forces and access to primary materials.

The Corrio Manha, in a signed article, appreciates the character of the Premier. It says that no war of nerves is capable of making the Premier doubt himself or the people he leads.

"RAMBLES IN CHINA"

Mr. George A. Fitch, formerly Director of the Safety Zone in Nanking, and now Secretary of the International Committee of the Y.M.C.A., delivered an interesting talk, "Rambles in China," at the Y's Men's Club meeting last night. Having already been 57 years in China, Mr. Fitch is also at present the Assistant Field Director of the Y.M.C.A. Emergency Service for soldiers in China.

Since his return from the U.S.A. Mr. Fitch has extensively travelled in Yunnan, Kweichow, Szechwan, Shensi, the communists' areas of the 8th Route Army, Kansu, Yangtze River, and Chinghai or Kokonor.

The C.I.C. is of the greatest significance to the livelihood of thousands of people, as well as an educational factor in a co-operative democracy.

The spirit of the Chinese people, as well as the soldiers in hospitals, camps is wonderful. With generous support from overseas, there is no question as to the final outcome of war.

Mr. Fitch is soon going to Chungking with the Y.M.C.A. unit.

Mr. T. A. Kuester will address the Y.M.C.A. Discussion Group on Sunday at 9 p.m. on "Boys' Clubs."

Mrs. A. G. Neville and Miss Neville who arrived at Godalming House yesterday are expected to leave on Monday, Mar. 25.

JAPANESE ENVOY'S CALLS ON LORD HALIFAX

LONDON, Mar. 21 (Reuter).—In the House of Commons yesterday, Mr. M. P. Price (Lab.) invited a statement on the recent conversations between Mr. Shigemitsu, the Japanese Ambassador, and Lord Halifax, particularly whether Japan had attempted to obtain British good offices in effecting contact between the Chinese Government in Chungking and Wang Ching-wei.

Mr. R. A. Butler replied that the Japanese Ambassador, in accordance with established practice, calls at the Foreign Office from time to time to discuss matters of common interest between the two countries. No such question as described had been made.

Mr. T. A. Kuester will address the Y.M.C.A. Discussion Group on Sunday at 9 p.m. on "Boys' Clubs."

Mrs. A. G. Neville and Miss Neville who arrived at Godalming House yesterday are expected to leave on Monday, Mar. 25.

HINDENBURG DAM RAILWAY DAMAGED

Danish Watchers Given Thrilling View

COPENHAGEN, Mar. 21 (Reuter).—Smoke, apparently from burning buildings, was still rising from Sylt Island this afternoon. According to a despatch from the Danish island of Roemoe, which is just north of Sylt Island, the railway line along the Hindenburg Dam is believed to be damaged.

Normally four trains cross the Dam daily but no trains have been running today.

LONDON, Mar. 21 (Reuter).—Watchers on Roemoe, the Danish island six miles north of the island of Sylt, had a thrilling view of the raid. Many stayed up all night to watch it.

They report having seen one British plane approach the island from the south and pass completely over it.

RECONNAISSANCE
LONDON, Mar. 21 (Reuter).—It is authoritatively stated here that the two Air Force reconnaissance planes which went to view the damage yesterday morning at Hornum on the island of Sylt were met with shore-battery fire, intense in places, as they flew over the island.

They also met two enemy fighters, Messerschmitt 109's, but the German planes were unable to intercept the British aircraft.

ANOTHER VICTIM OF NAZI SEA WARFARE

THE HAGUE, Mar. 21 (Reuter).—Another Dutch ship has fallen a victim to Nazi sea warfare. She is the Phobus, of 7,000 tons which sank yesterday, after hitting a mine off the south-east coast of England. She was carrying a cargo of crude oil from the West Indies to Rotterdam.

Thirty of her crew were rescued by lifeboats from the shore, but it is feared that six others are missing.

NAZI PLANE OVER SHETLANDS

LONDON, Mar. 21 (Reuter).—Believed by onlookers to be German, a plane visited Shetland Islands today and was driven off. No bombs were dropped.

It was seen flying low over the islands and was driven off by a low cloud with British fighters in hot pursuit.

FLY LOW
The machine, which was a Heinkel, was apparently on reconnaissance and flew low over the town and harbour. It swooped towards the anchored shipping, then rose rapidly and disappeared behind a low cloud with British fighters in hot pursuit.

Unwavering Support Of Chungking

S'HAH BANKERS' LOYALTY

CHUNGKING, Mar. 21 (Central).—Responsible officers of the Chinese Money Dealers' Association denied today that any manifesto had ever been issued by either of the two Association pledging support to Wang Ching-wei, according to a Shanghai dispatch.

"FORGED" MANIFESTOES
They described the manifestoes which the Central China Daily News, Wang Ching-wei's mouthpiece, published and alleged to have been issued by the Association as "forged."

They declared that both Associations continued their support to the National Government in Chungking and were doing whatever they could in aid of armed resistance and national reconstruction.

Independence Of Bulgaria

SOFIA, Mar. 21 (Reuter).—Bulgaria's determination to preserve her independence, and neutrality in the European war was stressed by the Foreign Minister speaking in Parliament.

He added: "Our attitude is approved, not only by our neighbours, but by all the great Powers and the belligerents on both sides."

RE-ORGANISATION OF WAR CABINET

British Press Comments

LONDON, Mar. 21 (Reuter).—Mr. Chamberlain's review of the war in the House of Commons was the subject of British press comment.

The Times says that it was a remarkable demonstration of vigour on the part of Mr. Chamberlain in refuting any suggestion of slackness by himself.

At the same time, The Times feels that some of the men now holding important posts might well be in need of rest which need be only temporary.

The Manchester Guardian makes a similar suggestion for the re-organisation of the War Cabinet.

LABOUR CRITICISM
The labour paper, Daily Herald, does not speak particularly about the Cabinet changes, but criticises Government for defects in the blockade and confusion in the home policy.

These are the main criticisms, but the British press does not allow its criticisms to conceal the more fundamental agreements.

The Daily Herald, for instance, says that Mr. Chamberlain spoke for the whole nation when he said that no meeting of dictators or a conference of international rulers would deter the Allies from the purposes for which they entered the war.

LESSON OF FINLAND
The paper echoes the general tone of the British press when it says that Mr. Chamberlain drew the right moral from the lesson of Finland that fear is no defence for the neutrals against tyranny. The Glasgow Herald says that almost all neutrals dread a German victory, but if they maintained their independence they must be prepared to co-operate with one another and with the Allies to check aggression.

JEWS, ARABS ENLIST FOR OVERSEAS

STATEMENT IN COMMONS

LONDON, Mar. 21 (Reuter).—Over 1,700 Jews and 392 Arabs have enlisted in Palestine for service overseas. They included the Auxiliary Military Pioneer Corps, formed in France, consisting of 742 Jews and 346 Arabs.

GOVT. APPRECIATION
Announcing this in the House of Commons yesterday, the Secretary of State for the Colonies, Mr. Malcolm MacDonald, expressed the Government's appreciation of the help given by the Arab and Jewish communities in Palestine.

ILLEGAL EMIGRANTS
He also announced that the British and Palestinian Governments were taking measures to suppress the traffic in illegal Jewish emigrants into Palestine.

It is believed that Nazi agents were among the passengers of two ships, which landed them illegally about a month ago. These and other illegal emigrants are now being held in detention camps.

LEGITIMATE CONTROL FOR PROSECUTION OF WAR IS NECESSARY

LONDON, Mar. 21 (Reuter).—The British reply to the Italian note of Mar. 3, protesting against the working of British Contraband Control, was handed to Count Ciano in Rome yesterday.

INTERNATIONAL LAW
The reply points out that in considering the application of the principles of international law in the present circumstances, account must be taken of the fact that they are fighting an enemy who repeatedly and flagrantly disregarded those principles, and even the common precepts of humanity.

The Italian Government would appreciate that if the enemy were free to pursue, with impunity, practices in total disregard of international law and moral principles while Britain was expected at all times scrupulously to observe them, Britain would be placed at a marked disadvantage in its conduct of the war.

BELLIGERENT RIGHTS
Britain had no intention of imitating the barbarous methods of their opponents, from which Italian ships and nationals suffered along with those of other neutral powers. They, therefore, always

EXPULSION FROM LABOUR PARTY

LONDON, Mar. 21 (Reuter).—The Labour Party has expelled Mr. D. N. Pritt, K.C., for his opposition to the declared policy of the Party regarding Russia's aggression against Finland.

Labour Disputes In Malaya

ABSENCE OF ACTUAL DISTURBANCES

LONDON, Mar. 21 (Reuter).—At question time in the House of Commons yesterday, Capt. Alan Graham (Con) requested detailed information about the labour disputes in Singapore and Malaya since the beginning of the war and the Communist agitation in connection with them.

OFFENDERS PUNISHED
Mr. Malcolm MacDonald, Secretary for the Colonies, enumerated the disputes and said that it was difficult to give exact figures of the disputes attributable to Communist agitators.

Where the law had been broken by Communist agitators, the offenders were dealt with by prosecution, deportation, in the case of aliens, requirement of residence in restricted areas, seizure of duplicating plant and normal police measures.

Generally there had been an absence of actual disturbances.

WESTERN FRONT SHARP PATROL ENCOUNTER

LONDON, Mar. 21 (Reuter).—The following communique was issued from British Headquarters in France: "Last night, a British patrol had a very successful encounter with an enemy patrol and in a sharp fight, five enemy were killed and one captured. Our troops suffered no casualties."

PARIS, Mar. 21 (Reuter).—A French communique states: "On the Western Front there have been encounters between patrols, which ended to the entire advantage of our Allies."

FOUND GUILTY OF ATTEMPTED ROBBERY

"The jury has found all three of you guilty, in my opinion, very rightly too," said Mr. Justice R. E. Lindsell at the Criminal Sessions yesterday, addressing the accused in a case of attempted robbery on a junk after a trial which lasted till 8 p.m.

His Lordship added that apparently the lot of them where towards as, at the first sign of opposition, they bolted.

The men were Ng Mei, So Chung, Xu Shing, Wong Cheung, Leung Chau and Wan, Ng, Wong and Leung pleaded guilty and the other three stood trial yesterday.

Ng and Leung were additionally charged with possession of dangerous weapons, to which they pleaded guilty.

Mr. J. P. Murphy, Assistant Crown Solicitor, prosecuted, Chung was defended by Mr. Hin-shing Lo.

After retiring for ten minutes the jury returned unanimous verdicts of "guilty" against all the accused who were on trial his Lordship passed sentence of two years and six months' hard labour on first accused and two years' hard on each of the others on the first charge. On the second charge, Ng and Leung got an additional six months each.

WANG PUPPET ABASHED AND SILENT

CHUNGKING, Mar. 21 (Central).—During his press interview in Nanking on March 19, Tang Leang-li, Wang Ching-wei's publicity agent, was abashed and silent when asked by a foreign correspondent regarding his attitude towards the stationing of Japanese troops in China, after he had criticized the presence of unwanted and unnecessary foreign troops in China, which "enabled certain foreigners and also a number of Chinese renegades to carry on seditious activities directed against a legitimate territorial sovereign in a manner undreamt of in other countries," says a Shanghai report.

U.S. SENATE RESENTS SPEECH MADE BY ENVOY TO CANADA

WASHINGTON, Mar. 21 (Reuter).—There is some talk here of demanding the recall of Mr. Cromwell, United States Minister to Canada, following his broadcast speech from Toronto, in which he frankly praised the Allied war aims and openly criticised Germany.

Some members of the Senate Foreign Relations Committee expressed the opinion that Mr. Cromwell overstepped the bounds of diplomatic restraint.

Mr. Cordell Hull, Secretary of State, took the unusual step of requesting immediately an official version of the speech, instead of awaiting the routine delivery, to the State Department.

"PLAYBOY MINISTER"
Mr. Sweeney, Ohio representative, declared in the House yesterday: "If our 'playboy' Minister to Canada wants to fight for the British Empire, I respectfully suggest that he join the ranks of such distinguished American expatriates as Lady Astor and Mr. Kermit Roosevelt, so that he may 'carry on' for the Empire."

Critics compare Mr. Cromwell's openly expressed sentiments with those of Dr. Parg, Ambassador in London during the last war.

SHANGHAI CAPTURE ANNIVERSARY

SHANGHAI, Mar. 21 (Reuter).—The thirteenth anniversary of the capture of Shanghai by the Nationalist Forces in 1927 is being commemorated by the local Chinese community today.

All public institutions, schools and villages have declared a holiday, but no elaborate ceremonies are being held in view of the prevailing conditions.

FRANCO-BRITISH POSTAL STAMP

LONDON, Mar. 21 (Reuter).—A joint Franco-British postal stamp, it is hoped, will be issued in autumn, declared Capt. C. Waterhouse, Assistant Postmaster-General, during question time in the House of Commons today.

As the result of discussions which he had with the French Minister of Transmission a general agreement was reached in regard to the issue of this stamp.

Majority Of U.S. People Agree With Cromwell

NEW YORK, Mar. 21 (Reuter).—Every available scrap of evidence "goes to show that a great majority of the American people agree with him," writes the New York Times in commenting on Mr. James Cromwell's (United States Minister in Canada) speech in which he frankly praised the Allies' war aims and openly criticised in a broadcast, from Toronto.

"They recognize that the difference is highly important, from our point of view, between Democracy and Dictatorship, between the defence of national frontiers and aggression running wild."

It is announced that any Hunan woman who wins a prize offered by Madame Chiang will receive in addition a prize from Madame Hsueh.

A literary contest for Hunan women is also announced. Essays and literary writings bearing upon resistance and national reconstruction are invited. The first five winners will receive \$100, \$50, \$30, \$20, and \$10 respectively.

EASTER—GREATEST OF CHRISTIAN FESTIVALS: VICTIM OF "ORAZIO"

Easter, as the commemoration of Christ's resurrection, is the greatest of all Christian festivals. It has been celebrated ever since Apostolic times and has always been observed in the Church as the chief feast of the year.

It links the feasts of the New Law with that of the Old, for Christ died on the day of the Jewish Pasch, which the Jews still observe.

Easter also has replaced the spring festival of Pagan Europe, and it is from this that the name of Easter comes. It is derived from Eostre, the Teutonic goddess of dawn and spring. It is in order to keep the link of the Resurrection with the ancient Pasch that the fixing of Easter by the lunar calendar has been maintained, and the movable feasts from Ash Wednesday to Ascension all depend upon it.

FIXED DATE

Inconvenience from the variable date has led to numerous suggestions in modern times that a fixed date for Easter should be adopted, and there is no objection to this on the part of the Catholic Church.

It is quite possible that an altered calendar with a fixed Easter may come into use before long. The present variation extends over a month, the earliest dates possible for Easter being the 22nd March and the 25th April. This year Easter is exceptionally early as it is only two days after the earliest possible date.

VICTIM OF THE "ORAZIO"

A Jesuit priest Fr. Bernard Andrade, who was for several years in China, was one of the victims on the Italian steamer Orazio, which went on fire in the Mediterranean. He was a native of Colombia, where his brother is Auxiliary Bishop of Bogota.

As a student he showed particular aptitude for languages and was proficient in French, Italian and German. He was sent for further studies to the United States and then to Rome, where he did a special course of Scripture study at the Biblical Institute. He was then sent for a few years to the American Jesuit College in Manila, the Ateneo.

It was his first contact with the East, and he made a special request to be allowed to work in China. He was therefore permitted to work for a few years with the Spanish Jesuits in Anhwei.

BRAVERY IN WAR

The first citation for bravery in the Order of Distinction of the French Army, posthumous in this instance, was won by a seminarian, "Ertzscheid, Jean, aspirant," the citation reads, "A young section chief who was revealed as full of action and courage. On September 12th, 1939, seeking a liaison itinerary through the wood with the battalion on the right, he resolutely entered a section of terrain that he knew to be sown with mines. He was mortally wounded by one of them."

Jean Ertzscheid was a student at the Strasbourg Seminary. His arm was torn off by the explosion of the mine.

Many other citations of priest-soldiers are being found in the Orders of the Army and, unfortunately, most of them are posthumous.

STIRRING FILM AT THE KING'S TOMORROW**"Mr. Smith Goes To Washington"**

When better pictures are made, Frank Capra will make them! Until that time, however, we sit tight and unhesitatingly declare Capra's "Mr. Smith Goes to Washington," which opens at the King's, tomorrow, the greatest picture of his hit-packed career...and, therefore, the greatest picture ever to come out of Hollywood.

A Columbia production co-starring Jean Arthur and James Stewart, the film is a stirring human spectacle created by Capra out of the very heart of America, filled with all the laughter, the love, the pain and the joy of the everyday business of living!

Deep in its understanding of the average human being, "Mr. Smith Goes to Washington" possesses, as well, all the thrilling beauty of an American nation governing itself, all the strength and scope inherent to a brilliant narrative whose principal thesis is rooted deep in the glorious traditions of a great democracy.

"Mr. Smith Goes to Washington" is more than great entertainment, it is a great emotional adventure, a study in character and in social forces.

Others in the sensational cast include Edward Arnold, Beulah Bondi, Eugene Pallette, Guy Kibbee, Ruth Donnelly, H. B. Warner, Harry Carey and numerous other stellar personalities.

James Stewart, co-starred with Jean Arthur in Frank Capra's "Mr. Smith Goes to Washington" which opens at the King's Theatre tomorrow. It is shown in a dramatic scene with Edward Arnold and Eugene Pallette. Others in the cast of Columbia's new romantic comedy include Thomas Mitchell, Claude Rains, Guy Kibbee, Beulah Bondi, Ruth Donnelly, Astrid Allwyn, Porter Hall, Harry Carey and H. B. Warner.

H.K. ELECTRIC CO.'S CAPITAL INCREASED**Annual & Extraordinary General Meetings**

AN INCREASE OF THE COMPANY'S PRESENT CAPITAL OF \$6,000,000 to \$18,000,000, was agreed to at an extraordinary general meeting of the Hongkong Electric Co., Ltd., which was held immediately after the ordinary yearly meeting yesterday.

Reference to the Shops (Hours of Closing) Ordinance and its possible effects on the consumption of electric current was made by Mr. H. V. Wilkinson, Chairman of the Board of Directors, at the Company's 51st, ordinary yearly meeting of shareholders.

"I am informed that some of the Chinese shopkeepers were warned not to keep their shops open after 8 p.m. and to shut off as many lights as possible after that hour," said Mr. Wilkinson, in the course of his speech proposing the adoption of the report and accounts for the past year. "As a matter of fact shopkeepers and others are still at liberty to use as much light as they like in any way they may desire. The ordinance I have just referred to is only intended to prevent shopkeepers serving customers after 8 p.m."

CHAIRMAN'S SPEECH

Mr. Wilkinson said, in part—The net profit after providing for Depreciation is \$2,676,599.54 and with \$267,880.85 brought forward from last account we have the sum of \$2,944,480.39 for appropriation.

On Sept. 7 1939 we paid an interim dividend of \$1.00 per share which absorbed \$600,000.00 and with the balance we produce—

To pay a final dividend of \$1.50 per share absorbing	\$900,000.00
To pay a cash bonus of 75 cents per share absorbing	450,000.00
To place to Reserve	400,000.00
To carry forward to next account	594,480.39
	\$2,344,480.39

which I hope will meet with your approval.

The proposed dividend, and bonus are the same as last year and we have added \$400,000.00 to the Reserve.

The carry forward is a good deal larger than in previous years, but in view of the possibility of the Government imposing a Corporation Profits Tax we think it advisable to increase the amount.

OUTPUT INCREASE

The output from the Generating Station during 1939 was 72,397,702 units, an increase of nearly 8 million units or 12% over 1938, and you will notice that the profit on working is \$625,521.45 more than last year.

This satisfactory result has been obtained without any increases in our charges for current, a precedent which we hope to be able to continue, but I think it is only right to warn consumers that the rising costs of freight, and, to a smaller extent coal, together with the possibilities of increased taxation, may force us to increase prices to consumers, although I trust this will not be necessary. Bad debts at \$352.88 are the lowest on record.

During the year under review the 100,000 lbs. per hour Stirling boiler, which I mentioned last year, was put into commission.

DISTRIBUTION DEPT.

The principal items in the Distribution Department were the

Bondi, Eugene Pallette, Guy Kibbee, Ruth Donnelly, H. B. Warner, Harry Carey and numerous other stellar personalities.

laying of a high tension cable to link up Pokfulam and Aberdeen Substations—and thus complete the "round the Island" supply circuit—and the equipment of a substation at Tai Tam Tuk.

Meters connected increased by 2,648 to 49,156; as I remarked last year I think that part of this increase is due to the abnormal times through which the Colony is passing and I am afraid we must be prepared for a falling off in the number of meters connected when peace returns to China—at the moment meters are still increasing but not at the rate during last year.

FAVOURABLE COMPARISON

Recently we have been making enquiries about the charges made by our contemporaries in India and the Far East, and we are gratified to find that our charges compare favourably with those made by other supply authorities whose output are similar to ours; it must not be forgotten that two thirds of our coal has to be carried nearly 500 miles by steamer and the remaining third over 3,000 miles.

DIRECTORS' FEES

Owing to the considerable expansion in the Company's operations I feel that some increase in the fees paid to Directors and Auditors is due and suggestions to implement this will be submitted to you at this meeting for approval.

The steady increase in your Company's output necessitates corresponding increases in plant, and this costs money; looking to the future we foresee heavy expenditure on plant and buildings and your Directors feel that the time has come when the authorised capital of the Company must be increased—consequently it has been decided to ask your authority to take the necessary steps to increase the Authorised Capital to \$18,000,000.00 and at the same time to increase the Issued Capital to \$9,000,000 by the capitalisation of \$3,000,000 now standing to the credit of Reserve.

SECONDER'S SPEECH

Mr. S. T. Williamson, in seconding the proposal, congratulated the chairman and board on the excellent report, and said, in part—I feel sure that shareholders will also wish me to thank the staff on their behalf for all the good work they have done during the year.

I have listened with particular interest to the remarks which deal with the cheap and efficient service which the Company renders to its consumers, and I venture to express the opinion that it has only been possible to build up this undertaking to its present state of efficiency, which results in such a high standard of service, by the sound and far sighted policy of the Board and Management, and I feel we are much indebted to them for their untiring efforts.

REMUNERATIONS

In proposing that the remuneration of the directors be increased from \$10,000 per annum to \$18,000 per annum each, Mr. G. G. Wood, said—I feel sure Shareholders will agree with our Chairman that the time has come when the remuneration paid to our Directors should be increased to a sum which is a little more commensurate with their responsibilities.

I am informed that the present remuneration of \$10,000 per year was fixed at the time the Company was formed in the year 1889, 50 years ago, when our issued capital was \$300,000. That remuneration does not appear to have been thought excessive even in those days but I am quite sure it is not adequate now, consequently I have much pleasure in proposing that the Directors' fees be increased from \$10,000 per annum to \$18,000 per annum.

The motion was seconded by Mr. B. Wong Tape and carried.

For similar reasons the remuneration of the auditors, Messrs Linstead and Davis, who were re-elected, was increased to \$3,000.

The Hon. Mr. J. J. Paterson, the Hon. Mr. Stanley H. Dodwell and Mr. H. V. Wilkinson were re-elected directors.

Don't let your work—**disturb your sleep**

'OVALTINE' is a delicious, beverage and one which is quickly and easily digested. It has special properties which make milk easily digestible, too, and therefore more completely assimilated. 'OVALTINE' is also very economical because so little is needed for each cupful. Start the 'OVALTINE' habit to-night; drink it regularly—and note the difference.

SLEEP should be peaceful and restful, undisturbed by the difficulties and anxieties of the day. Only by such deep and refreshing sleep can you maintain the vitality and poise which you need to carry on your work efficiently, particularly now, when wartime conditions have heavily increased your problems and responsibilities.

By far the best way to enjoy this restorative sleep is to drink a cup of 'OVALTINE' just before you go to bed. Wide experience proves that 'OVALTINE' has outstanding advantages as a bed-time beverage. It brings sleep of the *Right Kind*—sleep which restores energy and renews the tired cells and tissues of body, brain and nerves.

Moreover, 'OVALTINE' possesses exceptional nerve-restoring properties. This is because new-laid eggs are an important ingredient, and eggs are the chief source of lecithin—a vital nerve-building element. NO TONIC FOOD BEVERAGE WOULD BE COMPLETE WITHOUT EGGS.

**EXTRAORDINARY
MEETING**

Increased Of Capital
Approved

Continued From Page 4

Addressing the extraordinary
general meeting which was held
immediately afterwards, the Chair-
man said:—

Before putting the Resolutions
to increase the Company's capital
and to capitalise part of its Re-
serve Fund to the meeting I think
a few words of explanation as to
our reasons for desiring to in-
crease the capital of the Company
are due to you; you will be aware
that the original authorised capital
of the Company when it was
formed in 1889 was \$300,000. In
1899 the authorised capital was
increased to \$600,000. In 1920
the authorised capital was again
increased to \$3,000,000 and was
further increased to \$6,000,000 in
1923.

In the 12 years which have
elapsed since our last increase of
capital the generating capacity of
the Power Station has been in-
creased from 18,000 kilowatts to
54,000 kilowatts and the normal
steaming capacity of our boiler
house plant from 207,000 lbs. per
hour to 557,000 lbs. per hour. In
the same period the units generat-
ed have increased from 38 million
kwh to 72 million kwh.

OUT OF REVENUE

All these extensions have been
financed out of revenue and conse-
quently we think it only right
that a part of our Reserve Fund
should be capitalised, but before
we can do this it is necessary to
increase the authorised capital.

We believe that progress will
continue and to meet this our En-
gineers have advised us that pro-
vision must be made in the near
future for the purchase of more
generating plant, more boiler plant,
and a new main switchboard. It
is hoped to continue the Company's
long standing practice of financing
extensions out of profit but we
think it wise to make provision for
calling up new capital should such
procedure become necessary.

REASONABLE FIGURE

Your Directors are, therefore, of
the opinion that it is advisable to
increase the capital to an authoris-
ed amount of \$18,000,000 now,
rather than increase it from time
to time as more issued capital is
required more especially as in their
view the Company cannot possibly
be considered to be otherwise than
reasonably capitalised at the
figure.

I trust you will be satisfied with
this explanation and I now have
pleasure in proposing that: The
capital of the Company be increas-
ed from its present capital of \$6-
000,000 Hongkong currency
divided into 600,000 shares of
\$10.00 each to \$18,000,000 Hong-
kong currency divided into 1,800-
000 shares of \$10.00 each and that
such additional shares shall rank
in all respects pari passu with the
original capital of the Company.

Mr. Wong Chi-po seconded and
the resolution was adopted.

CAPITALIZATION OF PROFITS

The Chairman next moved the
two resolutions relating to the
capitalization of profits and the
dealing in fractions.

He said: "We now come to the
two resolutions relating to the
capitalization of part of the pro-
fits which are standing to the
credit of the Company's Reserve
Fund."

As I have already explained
your Directors think it fair that
part of this fund should be dis-
tributed to the Shareholders in
the form of bonus shares and with
this end in view I propose:

That the Directors be and they
are hereby authorised to capitalise
the sum of \$3,000,000 Hongkong
currency part of the undivided
profits of the Company standing
to the credit of the Company's
Reserve Fund and to allot to the
Members holding shares of the
Company as on the 1st day of
July, 1940 in respect of the net
amount capitalised fully paid
shares of the Company of equiva-
lent nominal value in the propor-
tion of one share for every two
shares of the Company then held
by such persons respectively and
that such shares so allotted shall
rank for dividends as from the
1st day of July, 1940.

That if, on such distribution as
aforesaid, any person would be
entitled to a fractional share the
Directors shall, in lieu of issuing
fractional certificates, cause the
whole share to be allotted to a
person or persons to be named by
the Directors and such share
shall, at such time as the Direc-
tors think fit, be sold and the
proceeds distributed amongst the
persons entitled to the fractions
making up such share.

Mr. T. B. Pearce seconded and

Dodwell, Mr. T. N. Chau, C.B.E.
(Directors) and Mr. V. Sorby,
M.L.E.E. (Manager).

**SATISFACTORY
POSITION**

Chinese Est. Ltd.
Meeting

The very satisfactory posi-
tion of Chinese Estates, Ltd.,
was disclosed by Mr. Leung
Kwai-tin, Chairman of the
Board of Directors, in his ad-
dress to the shareholders pro-
posing the adoption of the re-
port and accounts for the
past year, at the annual gen-
eral meeting yesterday.

Mr. Leung said, in part:—

The net profit for the year,
after providing for reserve for de-
preciation on China Building
(\$50,000.00), directors' and audi-
tors' fees and all expenses,
amounts to \$156,221.10 which,
added to \$136,468.82 brought for-
ward from last account, shows a
total of \$292,689.92.

The net profit shows an increase
of \$32,215.58 over that of the pre-
vious year. This is attributable to
the fact that, owing to the ad-
vantageous position of China
Building, all shops and office
rooms were let out during the
year.

You will note that the sum of
\$50,000 provided for reserve for
depreciation on China Building is
\$20,000 more than that of the
previous year. It is the opinion
of the directors and the auditor
that in this time of war, with an
uncertain future, it would be
prudent to adopt a conservative
policy in regard to reserves. With
this opinion year directors trust
that all shareholders will agree.

Your directors are glad to be
able to recommend to you a larger
dividend this year.

Your directors are of the
opinion that the present sound
position of the Company justifies
the payment of this larger divi-
dend, and they hope that this will
meet with your approval.

Mr. Lo Chung Wan seconded
the adoption of the report and
accounts and the motion was car-
ried.

OTHER BUSINESS

Sir Robert Kotewall proposed,
and Mr. Li Oi seconded that
Messrs. Fung Ping-fan and Leung
Ting-kai be re-elected Directors
of the Company for the ensuing
year. The motion was carried
unanimously.

Mr. Li Tung was re-elected
auditor.

**Next Month's
Blackout**

The public are again reminded
that a series of blackout exercises
will be held on April 11/12.

At the recent blackout, it was
apparent that a good many motor
drivers were not conversant either
with the Lighting Control Re-
gulations or with the methods
which should be employed to
obscure motor car lights.

In order to assist owners and
drivers of vehicles, the Director
of Air Raid Precautions announces
that a practical demonstration of
the methods which should be em-
ployed to obscure motor car lights
will be held at A. R. P. Head-
quarters, Lower Albert Road, at 3
p.m. on Thursday, 28th instant.
It is hoped that owners of cars
will make every effort to attend
or to send their chauffeurs.
The demonstration will be given
both in English and Chinese.

AIRPORT DANCE

A number of splendid cabaret
items enlivened the annual supper
dance of the Kai Tak Civil Airport
at the Peninsula Hotel last night,
among the artists on the pro-
gramme being Miss Alison Fisher,
Miss Peggy Scotcher and Miss
Peggy Stoneman.

The comedy team of Messrs.
Rose, Semmelmann, Gegg and
Arnold was also in attendance,
and were much enjoyed.

The proceeds will be donated to
the British War Organisation
Fund.

**SHROFF FOUND
NOT GUILTY**

Chui Sul-po, head shroff and
ticket seller at the Majestic The-
atre was discharged at the Criminal
Sessions yesterday when the jury,
after a ten-minute retirement
found him Not Guilty of uttering
forged tickets at the Majestic
Theatre on Dec. 19, with intent to
fraud.

Mr. E. H. Williams, assisted by
Sergeant N. B. Fraser, was for the
prosecution, while accused was de-
fended by Hon. Mr. Leo d'Almada,
Jr., instructed by Mr. D. McCallum.

His Excellency the Governor and
Lady Northcote who will proceed
to Fanling Lodge for the week-end
on Sunday will return on Tues-
day.
